**Email Response to:  
International Director Joe Gaffigan's Email**

**Sorry for the delay in responding to your message. I have been away from my emails for a few days. In communication with the Council of Governors, I have received a response from District Governor Bill Brammer (24-E) whose district encompasses Virginia Tech's (Blacksburg's) area. The consensus is that the Lions of Virginia should and will take some action to assist in this tragedy.**

**DG Bill has contacted LCIF and is waiting for a response re: possible LCIF assistance. He is asking that donations to this cause be sent to District 24-E's Treasurer, Lion J.J. Johnson, 413 Messimer Lane, Vinton, VA 24179 - check made to Lions of Virginia with a designation for Virginia Tech assistance.**

**Since there are several ways in which we might funnel our assistance (memorial fund, scholarships), financial aid to families, students and faculty, grief counseling, and others), Lions closely associated with the university will develop a plan through which we can best assist.**

**Hope this information is helpful.**

**Past International Director Roy Wilson**
