

Dear Parent or Guardian,

**Your child has passed the vision screening.** We were unable to detect a vision problem at this time. Remember, vision screenings are not a substitute for a complete examination by a trained eye care professional. Consult your pediatrician if you suspect a vision problem in the future.

The Lions have a list of qualified eye care professionals who are familiar with our screening program and can provide a complete pediatric eye examination for your child. Ask one of the Lions conducting your child's screening or call our Program Coordinator at 301-577-7800 to receive a copy of this list.

The Lions are the largest service organization in the world. Since 1925, we have worked to not only assist those with vision impairments but also to prevent blindness and vision problems. This screening program for preschool age children is just one of our many world-wide vision conservation programs. For more information about the Lions, go to <http://www.lionsclubs.org/EN/> on the web or contact your local Lions club.

We are able to provide this service at no cost because of contributions by the public. Your tax-deductible donation will help us to continue:

**Lions Saving Kid's Sight Foundation  
9470 Annapolis Road, Suite 415  
Lanham, MD 20706**

Call us at **301-577-7800** if you have any questions or concerns about this program.
