

Dear Parent or Guardian,

Our screening indicates your child should be seen by an eye care professional. You should make an appointment soon for a complete pediatric eye examination of your child. A list of eye care professionals who are familiar with our screening program is attached for your information.

Our Program Coordinator will send additional follow-up information by mail and will contact you regarding your appointment. We can provide information on the State Children's Health Insurance Program in your area if payment for the doctor's examination is of concern to you.

The Lions are the largest service organization in the world. Since 1925, we have worked to not only assist those with vision impairments but also to prevent blindness and vision problems. This screening program for preschool age children is just one of our many world-wide vision conservation programs. For more information about the Lions, go to <http://www.lionsclubs.org/EN/> on the web or contact your local Lions club.

We are able to provide this service at no cost because of contributions by the public. Your tax-deductible donation will help us to continue:

**Lions Saving Kid's Sight Foundation
9470 Annapolis Road, Suite 415
Lanham, MD 20706**

Contact us at **301-577-7800** if you have any questions or concerns about this program.
